When I exit and go to program it says that my serial key is invalid when it isnt. I did that to fix the problem I think but the problem got worse when I activated it the body loads and program closes. The only time I cant activate it is when I load from the CD. I get the error that it cant locate the Serial key. I find the key by looking in program files. I also tried to put it in my temp files folder. I tried the option where you can enter the serial key into the game... KX-TDA 7.2.1.2
